

# 10 buildings with very high structural issues

Engineers did “sidewalk surveys” of 128 public school buildings and determined 77 need a much closer look. Below are 10 buildings from nine school sites that were rated a “very high” risk.

### Structural deficiency scale:

0-0.1 = Very high                      0.1-1.0 = High                      1.0-2.0 = Moderate

Name of school	Students	City	District	Score
1. Clearfield High School (addition)	1,541	Clearfield	Davis	0
2. Central Davis Jr. High (orig. building)	903	Layton	Davis	0
2. Central Davis Jr. High (addition)	903	Layton	Davis	0
3. Cedar High School	1,062	Cedar City	Iron	0
4. Polk Elementary	478	Ogden	Ogden	0
5. Wellsville Elementary	395	Wellsville	Cache	0
6. Central Elementary	522	Pleasant Grove	Alpine	0.1
7. Holbrook Elementary	485	Bountiful	Davis	0.1
8. Taylor Elementary (addition)	365	Centerville	Davis	0.1
9. Lakeview Elementary	474	Roy	Weber	0.1
